DETAILED ACTION

Improper Request for Continued Examination (RCE)

1. The request for continued examination (RCE) under 37 CFR 1.114 filed on 09 December 2004 is improper for the following reason:

Continued examination under 37 CFR 1.114 does not apply to an application unless prosecution in the application is closed. If the RCE was accompanied by a reply to a non-final Office action, the reply will be entered and considered under 37 CFR 1.111. If the RCE was not accompanied by a reply, the time period set forth in the last Office action continues to run from the mailing date of that action.

2. Applicants' amendment to 10/061,949 has been examined. The specification and drawings are amended. Claims 18-21 are added. Claims 1-21 are pending.
3. Pursuant to the Applicant initiated interview of November 30, 2004 and Applicant' instant drawing and specification amendments, claims 1-21 are herein allowed.

Drawings

4. The replacement drawing sheet was received on 09 December 2004. This drawings is approved.

Allowable Subject Matter

5. Claims 1-21 are allowed over the prior art of record.
6. The following is an examiner's statement of reasons for allowance: In a process for management of a Test Access Port function in a plurality of components arranged on a single chip, the prior art does not disclose or suggest using a dedicated clock

generator to generate a clock signal for each chip component and further does not disclose associating a pull-down function with each respective dedicated clock generator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
